UO President Frohnmayer Addresses Importance of Education for Economy

The Lake Oswego School District Foundation, along with the Chamber of Commerce and the Rotary Club of Lake Oswego, welcomed University of Oregon president David Frohnmayer as the keynote speaker in an address before business and community leaders on October 16.

Before a packed house of more than 100 attendees, President Frohnmayer talked about the role of education in building business and the economy in Oregon. He pointed out that, in addition to the over \$1.2 billion that educational institutions contribute to the Oregon economy, the existence of a well-educated populace is the foundation of our democracy.

Dr. Dale Rhoney, former President of all three organizations, introduced President Frohnmayer and Katy Barman, President of the Foundation, and thanked the Rotary Club of Lake Oswego and the Chamber of Commerce for their outstanding commitment and support of the Foundation.

Corporate Matching Makes a Big Impact on the Foundation

More and more Foundation donors get their companies to chip in, too.

The Lake Oswego School District Foundation relies heavily on individual contributors for the majority of its donations, but there is another key source of income that is often forgotten: corporate matching. Many large companies, and an increasing number of small and mid-sized companies, offer matching of employee

charitable donations as part of their overall benefits package.

So who wins when corporations match employee donations? Obviously, the Foundation wins by getting bigger donations. The company gets a nice tax write-off for its charitable donation, a mention in the Foundation

Our Mission—To sustain the tradition of outstanding schools in Lake Oswego.

Our Goal—To reduce the student-teacher ratio by hiring additional teachers. Since its inception in 1993, virtually all donations raised by the Foundation have been dedicated to funding teaching positions and reducing class sizes.

From the President...

My experience with the Lake Oswego School District started when my twin boys were just beginning first grade at Palisades Elementary in 2001. We had only been in school for a few days when the tragedy of September 11th happened. The teachers and staff rolled up their sleeves and helped 300 families cope and thrive in the wake of a heartbreaking event. The kids went outside and circled our school flagpole and sang "The Star-Spangled Banner."

I quickly learned how caring and supportive our community is and continues to be. As parents, there is one thing that we can all agree on: the fact that we love our schools!

Our school system is the backbone of our community. Last year, for the second year in a row, all thirteen of our schools were rated exceptional by the state of Oregon. How does this happen? It comes from a caring community of teachers, administrators, parents, businesses, and alumni who are passionate about education.

Last year, The Lake Oswego School District Foundation raised \$1.75 million dollars to pay for additional teachers. The funds reduced class sizes, helped children with reading and math, and added extra sections of popular classes at the high schools.

This year, our goal is to raise \$2 million dollars. There is no better investment than keeping our schools exceptional. Please join me in making education a priority for our children by supporting the Foundation.

Sincerely,

Katy Barman

Corporate Matching Continued...

newsletter and website, and hopes that through its philanthropy, the employee's job satisfaction increases. And what do you get out a matching gift? In addition to the satisfaction of making your own gifts go farther—in most cases, doubling their value—the Foundation credits matching dollars to your name. For example, if you donate \$625 to the Foundation and your company matches it dollar for dollar, the Foundation records your actual gift at \$1250, which puts you at the Starkweather donation level, where you receive a pass to all regular-season Lakeridge and LO high school athletic events and an invitation to our spring reception.

With all those benefits so easily at hand, why doesn't everyone who can get a corporate match do so? Part of the problem might be that each company has its

own process for managing their matching program. Fortunately, that's changing, as increasingly, companies are moving away from cumbersome paperwork and looking to third parties to do the heavy lifting. Employees simply visit a company-branded website and provide the date and amount of their gift. The third party confirms the gift with the Foundation and arranges for the money to be transferred from the company.

We've provided a list of the procedures for the Foundation's most common corporate matchers, but the list is far from complete. Check your company benefits web page, or contact your human resources department to find out how you can get your company to match a gift. And if your company doesn't match gifts, encourage them to do so.

What About Your Company's Matching Procedure?

If you don't know about your company's procedure, check your company's benefits package or human resources intranet site for more information. Remember, matching means that the company, not you, is providing the extra money, and doing so in your name!

Many companies use a corporate-branded version of the JK Group's easymatch.com website. Here is a partial list of these companies and the website where employees of that company can list their donations. You may need your employee number or social security number to access the website. Contact your human resources administrator for more information.

Don't see your company listed here?

If you're a good web surfer, try adding your company name in place of one of the companies listed above and you just might find a hidden company matching secret!

Here are a few more companies that don't use the Easymatch website, but which still match employee gifts:

- Columbia Sportswear: Contact the Foundation office to receive an official receipt of their personal donation and submit it to the Corporate Relations Department (swelch@columbia.com).
- IBM: Complete the Matching Grants Form, available from <http://w3.ibm.com/hr/us/hrforms/>, and submit to the Foundation office
- Wells Fargo: Obtain form HRS3924 from Forms Online, or email wellsfargo@easymatch.com for more information.

To Our Contributors—Thank You!

More than 3,300 families, businesses and organizations made contributions to the Foundation during its fourteenth year of operation. For the year ended June 30, 2008, these contributions and our more than 300 volunteers enabled the Foundation to add additional teachers and programs to the Lake Oswego School District for the 2008-09 school year. We thank all of our supporters who joined in our mission to *“Sustain the Tradition of Outstanding Schools in Lake Oswego.”*
